SKY HIGH

Wooster Cirrus rollers feature a refined polyamide yarn that's soft, resilient, and easy to load. This high-capacity European fabric offers fast and complete coverage. Some covers are one dimensional, but the sky is the limit with Cirrus—these rollers are great for back rolling, base coats, and finish coats. The soft fabric is also very durable, and able to weather semi-smooth to extra-rough surface applications.

Cirrus Rollers

- White fabric with green pinstripe provides fast coverage, easy loading
- Excellent for all flat, eggshell, and satin paints, stains, sizings
- Low spatter application, very durable fabric
- Green™ double-thick polypropylene core resists solvents and cracking
