

Go The Distance

WOOSTER

SHERLOCK GT[®] Javelin[™]

Made of anodized aluminum, the four-foot Javelin is both lightweight and strong. The pole is flat on one side to fit the thumb and a textured grip provides added comfort. The Grip Tip[™] holds Wooster tools in place, so they never need to be retightened. Use the R042 Conversion Tip to adapt it for common threaded tools.

In a contest of distance, you can't beat the Javelin. A special ramp feature lets it easily attach to any Sherlock GT pole for an additional four feet of reach. The connection is very secure, no slips or turns.

Large grip, secure connection

No-twist Grip Tip

Sherlock GT Javelin

- Anodized aluminum material, lightweight and strong
- Special bayonet Grip Tip holds Wooster tools in place so they cannot twist or loosen
- Instantly change tools with one push on the fiberglass-reinforced nylon lever
- Use alone or add four feet to any Sherlock GT pole

| Cat. No. | UPC 0-71497- | Size | Shelf Pack | Cubic Ft. Per Pack | Pounds Per Pack |
|----------|-----------------|------|---------------|-----------------------|--------------------|
| R060 | 15028-8 | 48" | 6 | .345 | 6.36 |

The Javelin connects only to Sherlock GT (R051, R058, R059, R064, R065) and GT Convertible[™] (R090, R091, R092, R096) poles. For performance and safety reasons, only one Javelin can be connected to one GT.
