

Ultra/Pro® Soft

These brushes feature a feather-soft blend with a fine touch. Made from top-quality nylon, Ultra/Pro Soft is designed for fine finish painting with clears, stains, and low viscosity paints or primers. The exceptional flex and softness provide superior performance in low humidity and cooler temperatures, great for interiors, and 100% nylon cleans up easily after the job.

- Made using a feather-soft blend of purple nylon with extra flex
- Recommended for use with fast-drying & low viscosity coatings
- Provides the smoothest finish for mirror-like results
- Rust-resistant ferrule
- Sealed wood handle
