

NEW!

MORE GRIP, LESS SLIP

Wooster® GripTech® Sleeve adds a new level of comfort and control to your favorite brush. This soft-grip rubber cover slides securely over the handle and ferrule, providing a cushioned, ergonomic surface that reduces hand fatigue during use.

Designed to enhance grip in any painting position, it helps deliver smoother, more precise results. GripTech Sleeve cleans up easily with warm, soapy water, or let paint dry and simply peel it away.
